

Smart Contract Security Audit Report

The SlowMist Security Team received the UXUY team's application for smart contract security audit of the UXUY Token(UXUY) on 2026.11.06. The following are the details and results of this smart contract security audit:

Token Name :

UXUY Token(UXUY)

The contract address :

https://etherscan.io/token/0x000000006D77378e4b01DCA68963b06Ba1c81A17

The audit items and results :

(Other unknown security vulnerabilities are not included in the audit responsibility scope)

NO.	Audit Items	Result
1	Replay Vulnerability	Passed
2	Denial of Service Vulnerability	Passed
3	Race Conditions Vulnerability	Passed
4	Authority Control Vulnerability Audit	Passed
5	Integer Overflow and Underflow Vulnerability	Passed
6	Gas Optimization Audit	Passed
7	Design Logic Audit	Passed
8	Uninitialized Storage Pointers Vulnerability	Passed
9	Arithmetic Accuracy Deviation Vulnerability	Passed
10	"False top-up" Vulnerability	Passed
11	Malicious Event Log Audit	Passed
12	Scoping and Declarations Audit	Passed

NO.	Audit Items	Result
13	Safety Design Audit	Passed
14	Non-privacy/Non-dark Coin Audit	Passed

Audit Result : Passed

Audit Number : 0X002611060001

Audit Date : 2026.11.06 - 2026.11.06

Audit Team : SlowMist Security Team

Summary conclusion : This is a token contract that does not contain the tokenVault and dark coin sections. The total amount of contract tokens can be changed; users can burn their own tokens through the burn and burnFrom functions. The contract does not have the Overflow and the Race Condition issues.

import {ERC20Permit} from
"@openzeppelin/contracts/token/ERC20/extensions/ERC20Permit.sol";

/// @title UXUY Token
/// @notice Fixed-supply ERC-20 with EIP-2612 permit. The full supply is minted once
at deployment.
///         No owner, no minting, no pausing, no blacklist, no fees, not upgradeable.
contract UXUY is ERC20, ERC20Burnable, ERC20Permit {
    uint256 public constant TOTAL_SUPPLY = 1_000_000_000e18;

    error ZeroAddress();

    /// @param recipient Receives the entire supply.
    constructor(address recipient) ERC20("UXUY Token", "UXUY") ERC20Permit("UXUY
```

```
Token") {
        if (recipient == address(0)) revert ZeroAddress();
        _mint(recipient, TOTAL_SUPPLY);
    }
}
```

Statement

SlowMist issues this report with reference to the facts that have occurred or existed before the issuance of this report, and only assumes corresponding responsibility based on these.

For the facts that occurred or existed after the issuance, SlowMist is not able to judge the security status of this project, and is not responsible for them. The security audit analysis and other contents of this report are based on the documents and materials provided to SlowMist by the information provider till the date of the insurance report (referred to as "provided information"). SlowMist assumes: The information provided is not missing, tampered with, deleted or concealed. If the information provided is missing, tampered with, deleted, concealed, or inconsistent with the actual situation, the SlowMist shall not be liable for any loss or adverse effect resulting therefrom. SlowMist only conducts the agreed security audit on the security situation of the project and issues this report. SlowMist is not responsible for the background and other conditions of the project.
